I RISE TO REMARK

BY JOHN PHILLIPS

When I ended last week's letter, I said I would talk more about this matter of the Congress being "committed" by some action from outside, either by the U.S. representative on the UN, or by the President, or by the head of some department, or even by one body of the Congress, before the other body had acted. I will use the ECA appropriation and discussion for the example, this week.

The legislative committees, again the Foreign Affairs committees of both Houses brought out bills which were finally combined, passed and signed by the President, AUTHORIZING the expenditure of NOT MORE THAN $6,098,000,000 divided among four titles, as follows: For ERP, which the people spoke of as the "Marshall Plan," $5,300,000,000, of which however, $1,000,000,000 was to come from the sale of Treasury notes, and not from direct appropriations; for the childrens' aid organization, $60,000,000; for the Greek-Turkish fund, $275,000,000 and for China $463,000,000.

This was the regular procedure. It didn't COMMIT the Congress, nor the committee, to any exact amounts. It set the top figures, over which the Committee on Appropriations could not go without additional authorization. Member after member, in both House and Senate including the distinguished senior Senator from Michigan, Mr. Vanderberg, got up and said they wouldn't have voted for the authorization bill, without much more detailed information, if it were not that this bill, like all money bills, would have to go to the committees on appropriations, where the figures would get careful scrutiny.

After the authorization bill was signed, not only were reports and analyses available that hadn't been seen before, but the State Department changed its requests, and conditions changed. The final bill allowed $4,000,000,000 for ECA, which had in the meantime changed its name, plus an item of $55,000,000 which came through in another appropriation bill; the childrens' organization got $35,000,000; the Greek-Turkish fund had $225,000,000 added, and $400,000,000 was included for China. However, through the entire time of consideration by the Committee, there was a well directed propaganda campaign, joined in by many innocent citizens, to pressure Congress to give the "full amount" which had appeared in the authorization bill, on the grounds that the United States had "committed itself."

If this column had a theme song, it would set to music the repeated reminder that the United States of America is a REPUBLIC, the strongest form of government in the world, by proof, not just by patriotic expression. If we are to preserve the Republic, we must understand its procedures.

BIRTHDAY PARTY FOR TWELVE - YEAR - OLD

Festivities in the Gerrit Van Hunick home on Tuesday afternoon were in honor of the 12th birthday anniversary of the youngest daughter in the household. A gay party was attended by 12 of her friends who enjoyed an afternoon of active games.

The birthday cake, which was served with ice cream at refreshment time, was an angel food made in the shape of a heart and decorated with red roses and 12 candles. Many lovey gifts were presented to the young miss.

Two of the guests, Nellie Marcus of Bellflower, and Charles Wise, Jr., of Cypress were overnight guests of the Van Hunicks. On Wednesday they were joined by Jeanette Koss of Orange Avenue and Jennie Marcus of Bellflower and together with Mrs. Van Hunick and her daughters, Elizabeth and Wilhelmina, they spent the day at the beach.

Office Safe Discovered By Fred Bixby

A battered safe was found in his gum grove at Los Alamitos and Garden Grove boulevards last Sunday by Fred Bixby, rancher and owner of the property.

The safe was about two and a half feet square and weighed an estimated 300 pounds. It apparently had been dumped in the grove some time ago. There was no name on the safe and no papers to identify the owners. The door had been battered off.

Sheriff James A. Musick, to whom the find was reported, said that no reports of a missing safe had been received in this county but an effort would be made to locate the owner.

A boy was born to Mr. and Mrs. George J. Richers, 5622 Saint Anne street, which has been named Charles Frank. The baby weighed six pounds and seven ounces when he arrived July 21 in Los Alamitos Navy hospital.

Plan For Joint Social To Which Public Invited

Since the chamber of commerce is an organization in which each individual in the community may play an active part, it was decided by the members present at the regular meeting held Monday night, to plan a social meeting to which all members and their friends are to be invited, as well as members and friends of Post 9847 of the Cypress VFW, who agreed to act as co-hosts in the affair.

It is planned to use the school cafeteria on August 23, the fourth Monday of the month, which is a regular meeting night for the chamber of commerce. An interesting program will be planned under the direction of Richard V. Hathcock, chairman of the entertainment committee, and volunteering to serve on the refreshment committee were Mrs. Olive Williams, Mrs. W. R. Dye, and Beth Kroesen. Each member of the two organizations is urged to reserve the date, August 23, for the social meeting, and not only be there themselves but bring a friend besides.

After a short discussion and a careful weighing of the matter pro and con, the members voted to go on record in favor of having hog ranches removed from their present location. The members had no fault to find with the owners personally, only with the fact that the continuance of their presence will retard future growth in the area surrounding Cypress.

The president, Stan Doerr, reported that no word has been received from the request to the county board of supervisors, which it stated would be relayed to the proper state authorities, regarding a four-way stop for Cypress at the corner of Walker and Lincoln avenue. Jake Van Dyke, chairman of the agriculture committee, stated that at his request county men had been in the Cypress area spraying for mosquito control, the results of which are evidenced by a noticeable decline in that pest population for this time of the year.

SEEK HEIRS TO FREEMAN ESTATE

Public administrator E. R. Abbey today filed petition for letter of administration in the estate of Mrs. Mattie L. Freeman, who died last April 9 and left an estimated $500 in personal property. He said Glenna L. Toland of Sweet Homes, Oregon, a granddaughter of the deceased, was one of the heirs and that others are as yet to be learned by him.

Popular Screen Beauty Stars On Holiday Stage

Lovely and talented Mary Brian, who has been leading lady for Cary Cooper, Frederic March, Pat O'Brien and many other top-flight screen stars, will delight Orange county audiences in her first appearance here next week when she plays with Oliver Cliff in the Holiday Stage production of "There's Always Juliet," sprightly comedy by the author of "Voice of the Turtle." "Juliet" is a gay and wittily told story about a beautiful and wealthy English girl in her encounter with a handsome and impulsive young American. Mennes and Turney, co-producers of Holiday Stage, declare it a perfect vehicle for the comic talents of Miss Brian and Cliff.

MARY BRIAN

Supporting cast will include Connie Wells, as Miss Brian,s housekeeper, who convulsed audiences the past two weeks in "Merton of the Movies" and "The Spider"; and William Pullen, whose popularity among Orange county audiences was enhanced by his expert portrayal of the Inspector in the Holiday Stages' recent whodunit. Pullen will play a staid and conservative Britisher--veddy, veddy British--who serves as the third apex of a continuously warm and brightly paced tale of modern romance.

John van Druten's comedy is scheduled to open Monday, August 2, following the week's run of the current hit, "Life with Father." Tickets have been selling for one week following announcement of a policy of advance reservations for the Tustin shows. "Life with Father," which closes Saturday with performances at 2:30 and and 8:30, features Donald Curtis and Mary Finney as the Day parents, with Don Quinn and Beverly Campbell providing the young romantic interest.

The Holiday Stage management recently announced that following "There's Always Juliet" the strawhatter will present the beloved story of "I Remember Mama."

IT'S BEING SAID -- IN CYPRESS

That first off we hang our head in shame — the reason we even found out there was a girls' softball team was because we chided pretty Dolores Cardin for never doing anything to get her name in the paper. And so, what happens? Dolores tells us she plays on the girls' softball team which we hasten to chronicle faithfully in the columns of the weekly press, and what happens is that the printer leaves two lines out. You guessed it. So add to last week's story of the Cypress girls' team that Betty Lantz plays first base; Dolores Cardin, second base; and Kathryn Poore, third base. And we play in the dog house behind the bull pen!

That a man named Metzler, who is seen most often out around the Harris' at the Cypress Auction yard, has endeared himself in our heart forever. The "yellow demon" got a stubborn streak when her innards failed to perk one day this week and she refused to budge from the site, disgraceful critter. After enough people around town had seen her as to make us the laughing stock of the community, Metzler took his new truck and with a mighty shove sent her on her merry way. He really lives by the Golden Rule.

That we are aways duly impressed with feats of skill, but more so when we can see results of deserved prowess in the form of a medal, or, as so happens in this case, a beautiful diamond studded belt buckle awarded for being a champion cowboy bareback rider. Like all good fathers, "Bud" Cook is modest about his own accomplishments, and we learn that son, "Art," is well on his way to following in pop's footsteps. He's a champeen, too, and doing very well at the business.

That the town's fire engine got a good face-lifting and polish job this week, thanks to Warren Ter Beest. He may be on vacation, but that looks like hard work to us.

That upon several occasions recently we have encountered a crew of house movers busy with the day's work, and we've about decided they are the happiest lot we know. From making with sounds that imitate bird songs to razzing the Oakies and the Arkies, which must be close to their own "nationality" or they couldn't get by with the remarks, they spin down the road at an incredible speed, be it a little house or a big house. We had heard about moving houses in California, but weren't prepared for curtains at the windows, and probably dishes in the cupboard, with nary a broken pane of glass. Our former experience had been to pass a house being moved on one day, and probably find it had moved one block witmin the next twenty-four hours. It's the speed of the age in which we live.

Public Hearings On School Budgets Are Next Week

At a time when tax rates are of great concern to the taxpayers and the problem of crowding public schools is of even greater concern to everyone, a large crowd is anticipated at public hearings on the school budgets proposed for the coming year.

The proposed budgets are published in this issue of the paper along with the time and place of each of the hearings.

Reprints of the budget proposed for Cypress and Laurel schools are to be found on pages three and four respectively. Hearing on the Cypress budget will be Monday, August 2, 7:30 P.M. at Cypress school and the Laurel hearing will be at the school on Wednesday, August 4, also 7:30 P.M.

William G. Cue, son of Mr. and Mrs. Raymond Cue, 3591 Howard street, left last Friday by plane for Annapolis, Maryland, where he will enter the U. S. Naval Academy.

MILKMAIDS AND MEN IN WHITE SHIRTS TO CARRY OUT THEME

The official costume for White Gold Days will be blue dungarees and white shirts for the men and gingham or plaid dresses for the women, to be worn in keeping with the theme of the festival from September first through the day of celebration, as announced by the general chairman, Richard V. Hathcock, in a meeting at the school house Thursday night.

Reports were heard from committee chairmen, and volunteers were added to standing committees.

There are two important meetings to keep in mind within the next two weeks. On Wednesday evening, August 4, T. J. Boyd is asking that all those interested or already assigned to help with plans for the carnival meet at the school house at 7:30. The following Wednesday evening, August 11, there will be another meeting at the school house to shape up events generally. Bear in mind that the public is urgently requested to help in making White Gold Days a success in the interest of the recreation park, which fund is benefited by the profits and whether you are an old-timer or new in the community there is some place for you to work and share in the joy of doing for a worth-while cause.

Leona Murdoch New Operator Of Corner Cafe

Clint Moore, who controls the activities housed in the building on the southeast corner of Lincoln avenue and Walker street, has announced that the cafe side will be open beginning Monday morning. Leona Murdoch, of Redondo Beach, will operate the lunch counter, beginning with breakfast in the early morning, and carry through the day until eight in the evening. She will serve one hot special each day, and plans for the time being to get along without any extra help.

Do-nuts will continue to be available from the do-nut side of the establishment, and it will once more be possible to combine the doughnuts with coffee without leaving the building.

Children Register For Bible School Friday Morning

"Preparation Day" preceding the opening of vacation Bible school to be held for two weeks beginning August second, will occur Friday morning at the Southern Baptist church, corner of Watson and Camp streets. All children from the ages of four to 16 are invited to be present at the church Friday morning at ten o'clock to register for the Bible study school, to be held for the next two weeks from nine o'clock in the morning until twelve noon.

The children who participate in "Preparation Day" Friday will be served a picnic luncheon at noon, to be furnished by the church.

MOVIES—Tonight!

The feature at tonight's show sponsored by the merchants in the Cypress school auditorium in the interests of helping to raise money towards a recreation park is "Our Town." This is a good all around family movie, enjoyment for every member. Also a serial and short subjects.

Pleasant Outing For Los Alamitos Fire Fighters

Members of the fire department, the auxiliary and their families had a most enjoyable picnic at the Ranger station at Yorba Linda last Sunday. The perfect weather added much to the enjoyment of the day. In addition to the usual picnic menu, watermelon, ice cream, punch and coffee were supplied by the fire department. The men pitched horse shoes and those who cared to played cards.

Attending were Mr. and Mrs. Bob Campbell and family, Mr. and Harlan Huebert and family, Mr. and Mrs. Russell Munday and family, Mr. and Mrs. Ray Baker and family, Mr. and Mrs. August Labourdette and daughter, Mr. and Mrs. A. C. Brown, Mr. and Mrs. Frank Watte, Mr. and Mrs. Oscar Watte, Vic Vendermaele, Mr. and Mrs. Charles Hancock and family, Mr. and Mrs. Cleo DeWitt and family, Mr. and Mrs. Leo Layton and family, Mrs. Grace Johnson, Gene Heying, Mrs. Carolyn Heying, Mr. and Mrs. Clifford Stein and family, Mr. and Mrs. Milburn Webster and Charles Long.

Air Students Graduated From Local Airpark

Classes in the School of Aeronautics at Cypress Airpark continue to grow, with the classes meeting in the Cypress school several evenings a week. It has been found necessary to employ two additional instructors: Phillip Johnston of Anaheim annd Roderick McClain of Long Beach. According to George Owens, head of the school, 21 veterans of World War II have received their private pilot's licenses during the past month. These include Billy King, U. S. Naval Hospital; Lowell Anderson, 3211 Baltic Avenue; Hiram Huffman, 1750 E. 15th street; Antonio Gravel, 401 Truman Boyd Manor, all of Long Beach; K. D. Cook, Ralph A. Davidson, Joel Bisbee and James A. Knight, all of the Naval Air Station at Los Alamitos; Lewis Raymond, Marine Corps Air Station, Frank Cruz, Jr., 636 N. Broadway, both of Santa Ana; Arthur Gibson, 1131 W. Broadway; Donald Bauer, 809 W. Broadway; William Lutes, 912 N. Lemon, all of Anaheim; John Bruce, 332 Truslow, Fullerton; Hugo LaVerne Jr. of Midway City; Lloyd Wallace, 9511 Lincoln; Robert Benson, 7222 Orange avenue; Edwin Higgins, 559 Danny avenue; James R. Palmer, 505 LaHoma street; Lyle Newkirk, 7162 Monroe street and William Mohler, 6412 Orange avenue; all of Cypress.

30 Days for Theft Of Relief Warrant

Lupe Dean, Costa Mesa woman who pleaded guilty to theft of an $80 relief warrant from a Santa Ana woman, must serve 30 days in county jail, as a condition of five years probation granted her at a hearing last Friday by Superior Judge Robert Gardner.

She was also ordered to repay the $80, having forged an endorsement and cashed the warrant at a Costa Mesa grocery. The grocery was loser in the case, since the county treasury does not honor warrants having forged or otherwise irregular endorsements, and in such cases issues new warrants to the proper recipient.

Miss Deen's mother collapsed in the courtroom after hearing the judgment passed upon her daughter.

Prosecution of the Costa Mesa woman served as warning by County Welfare Director Thomas P. Douglas and Auditor L. H. Eckel that county authorities are ready to take stern measures to suppress the recent epidemic of theft and forgery of relief warrants intended for needy orphans, blind and aged.

Mystery In Death Of Captain Kin To Finleys

Found by berry pickers about 400 yards off the highway near Tacoma, Washington, a body wrapped in a blanket and lying about five feet behind his car, was discovered to be that of Captain Gayle Finley, who had been missing from his army base since July fifth. The army investigators have declared death was accidental from carbon monoxide gas, but it was not determined further the circumstances surrounding his death, which occurred probably ten days before the body was found.

Living in Cypress are the man's parents, Mr. and Mrs. E. S. Finley, two brothers, Robert and Don, and the young widow and baby daughter six months' old, who were living in Tacoma at the time the tragedy occurred. A sister, Mrs. Marie Porter, lives in El Reno, Oklahoma.

A letter to the parents from the commanding officer at the base where Captain Finley was stationed, sought to console the members of the family and stated that their son died while serving his country and was well liked by everyone on the army base. It is an ironical circumstance that burial took place twelve years to the day of the date of enlistment, July 21, since his army career was begun on July 21, 1936.

Captain Gayle Finley was born September 25, 1916, in Quinlan, Oklahoma. He was graduated from grade school and high school, and attended college at Stillwater, Oklahoma, for a year and a half.

He entered the army and was stationed nine months at Cheyenne, Wyoming, with the field artillery. At the end of that time he transferred into the army air corps and spent most of his next four years at Lowery Field, Colorado. He advanced from private to technical sergeant and attended Officers' Training School at Fort Knox, Kentucky, where he was commissioned into the sixth armored force. Until he went overseas May 19, 1943, he was stationed at Camp Cook. Overseas 30 months, he saw combat in New Guinea and the Philippines, receiving the bronze star for outstanding achievements and being promoted to the rank of captain.

When returned from overseas duty, November 16, 1945, he was stationed at Fort Lewis, Washington, where he finished the remainder of his army career.

NOTICE

Members of the 280th military police company are asked to contact M. R. Webster, P. O. Box 213, Los Alamitos, giving correct addresses and telephone numbers. This information is desired for the purpose of contacting members for a reunion being planned for the group in August.

Firemen And VFW Staging Ball August 14

A dance is being planned by the Cypress volunteer firemen, to be aided by the Cypress chapter of the Veterans of Foreign Wars, and it will be staged in the new hangar at Cypress Airpark, at the invitation of James Bryant, manager. Bryant has just completed work on a new building to house maintenance and repair equipment at his field, and the public is invited to visit the airport and inspect the new improvements and also acquaint themselves with the new facilities for light plane night flying. This opportunity to train at night aids the veterans' training program which requires that the students put in required hours of night flying as part of their course.

The local firemen and members of post no. 9847 of the VFW are particularly anxious to have a good attendance at the dance to aid in adding to the funds of the local fire company in order that much needed equipment and furnishings may be acquired for the new fire station, which is nearing completion. To date most of the money has come from private donations, and the beneficences of the firemen themselves who have consistently turned over their checks received from the county to the fund.

So come to the big dance Saturday night, August 14. The hangar floor is extra smooth for dancing, the music will be the kind you like, and there will be plenty of refreshments.

New Legion Officers Elected In Los Alamitos

Officers for the Los Alamitos Post of American Legion were elected at their meeting Monday evening, with formal installation to take pace sometime before October.

The new commander will be Ray Oliver, Jr; first vice-commander, Ray Gaylord, second vice-commander, Frank Watte; finance officer, Al Reese, Sr.; historian, John Flores; chaplain, L. Plummer; sergeant-at-arms, Louis Aguiar; executive board, Kenneth Reynolds and Otto Turley. The adjutant will be appointed at the next meeting.

The unit hopes to be able to secure a lot and a building in which to meet and are considering ways and means to finance the venture. They now meet in the Community Church.

SALE AT LOS ALAMITOS

The Fire Department Auxiliary will sponsor a food sale in the fire hall on Friday afternoon, August sixth, from 2 o'clock until 8 o'clock. All sorts of cooked food will be on sale and cake and pie will also be served by the slice with coffee. Mrs. Grace Johnson is in charge as chairman of the ways and means committee.

REVEAL ENGAGEMENT OF COUPLE AT FAMILY DINNER

News of interest to Cypress residents is the announcement of the engagement of Miss Wilda Dysinger, daughter of Mr. and Mrs. Glen H. Dysinger to Leo Piantoni, son of Mr. and Mrs. L. S. Piantoni of Buena Park.

The news was disclosed at a dinner party one evening last week at the Dysinger home in Fullerton. The guests had been invited to a dinner supposedly in honor of Mr. and Mrs. Glen Dysinger, Jr. who had recently returned from their honeymoon and were to leave the next day for their new home in Santa Barbara.

The words "Leo and Wilda" were substituted for the fortunes in the rice cakes which were served as accompaniment to the salad course, thus revealing the glad news. No definite date has been set for the wedding which may take place by the first of the year. Miss Dysinger will enter Santa Barbara State Teachers' college as a senior student this fall and her fiance will enter as a junior.

Glen H. Dysinger Sr. is principal of the Centralia school.

AN ITEM IN THE NEWS

A short time ago an item appeared in the news which, while it didn't make banner heads, is an example of the kind of arduous progress that serves us all.

Last year, the item said, the death rate from tuberculosis dropped to a new low through-out the nation. For the first time in our history, the number of fatalities from this cause was under 50,000.

That wasn't the result of chance. It was, instead, the result of decades of hard and often unrewarding work by doctors and other scientists. A long list of factors had a part in the achievement—better preventive medicine, infinitely improved methods of treatment for the afflicted, a generally higher standard of living, and so on.

Every major advance in medicine, save for rare instances where some revolutionary drug is discovered, is made much in this way. And the United States, with its system of medicine, unhampered by bureaucratic domination, has been a leader in conquering disease—a fact which has been proven in survey after survey. By contrast, medicine has generally been backward in the nations where it is controlled by the state—the standards of treatment have gone down while the cost, as in case of all governmental activity, has gone up.

We in the United States are leading longer, healthier lives. Diseases which were almost sure killers not so many years ago now offer little danger. A system of voluntary prepaid medical care has been built up which brings the cost of treatment and hospitalization within the easy reach of the majority of people. These are achievements of free medicine which must not be forgotten.

Funeral services for Grace Wiley, who died as the result of being bitten by a deadly cobra in her reptile zoo, took place on Friday morning at 11 o'clock in the chapel of Loper's mortuary in Long Beach. Entombment was made in the Sunnyside Mausoleum near Long Beach.

Thomas "Tommy" Mason, returned Sunday evening from a visit with friends and relatives in Glendale, Arizona. Mason resides with his parents at 10231 Miller road.
